

iPad Disciplinary Actions

Since the iPads will be used frequently in my class, some rules are necessary to ensure all students are receiving the best educational time 45 minutes a class has to offer. Therefore, students who are lackadaisical concerning these devices will face certain disciplinary actions.

I am using the **Three Strike** method the junior high used last year for the following infractions:

- Forgetting to charge the iPad the night before.
- Forgetting earbuds when asked to bring them.
- Forgetting the iPad at home.
- Forgetting passwords. (I do not have any passwords except for Realize).
- Visiting other sites and social media instead of accomplishing in-class tasks.

Students will receive **two strikes** before disciplinary action will occur. Disciplinary action could include loss of points for the day or a DOR.

For the iPads to be effective, I need all students and parents to help with these simple rules.

Thank you.

Mrs. Combs-Long
